Remarks/Comments:

The teacher's program is responsive to the needs of all his students and provides opportunities for the students to interact in class. He presented the topics very clearly and frequently checked student understanding or performance on the topics he discussed. He maintains a good eye contact with the students and projected enthusiasm + confidence but he needs to exercise proper phrasing in classroom.

Remarks/Comments:

The teacher uses reporting strategy in her teaching.
The teacher gives an additional information to the students ^{order} to achieve clarity on the lessons which students presented.
The teacher has good rapport with her students and the classroom environment is friendly but however, she should stay at the back during reporting so she could keep track & monitor the learning process of all students.
